SKILLS

- Rest API • Mule 4 • JSON
- DataWeave • AWS
- Anypoint Developer • RAML
- API Development • Azure
- Jenkins • SOAP • EDI
- API Designer • SOA
- Salesforce • Mule ESB
- Snowflake • Java
- SQL • MySQL • Monitoring
- Python • ETL • MuleSoft Vibes
- CI/CD Pipelines • Agentic AI
- Mule Connectors • Munit
- Python • Data Structure
- FTP/SFTP • Git and GitHub
- Agile • Splunk • Maven
- API Testing • CloudHub
- Integration • Debug
- RAG • Azure DevOps
- API Management • AFM CLI
- Anypoint Studio • JWT

CERTIFICATIONS

- MCD Level 1 Certified
- MCD Level 2 Certified
- MIA Certified
- **MCIA** Level 1 Certified

PROGRAMMING LANGUAGES

- Java • C/C++ • Python

SUMMARY

5+ years of hands-on experience in MuleSoft Development and Integrations.

WORK EXPERIENCE

HCLTech | TECHNICAL LEAD (SENIOR MULESOFT DEVELOPER)

Mar 27th 2025 — PRESENT | Noida, IN

- Successfully led end-to-end API development and integration projects using MuleSoft, guiding cross-functional teams in designing, implementing, and deploying scalable APIs on CloudHub, with a focus on best practices and performance optimization.
- Expert in designing API-led connectivity architecture (REST and SOAP) with strong proficiency in RAML, DataWeave 2.0, and API security, ensuring compliance with industry standards and enhancing reusability via Anypoint Exchange.

NTT DATA | DIGITAL ENGINEERING SR. ENGINEER (MULESOFT DEVELOPER)

Jul 30th 2021 — Mar 21st 2025 | Noida, IN

- Proficient in API management, API-led connectivity architecture (REST and SOAP), and API development using Anypoint Studio, with deployment on CloudHub and asset management via Anypoint Exchange.
- Skilled in designing CI/CD pipelines with AWS and Azure, experienced in DataWeave 2.0, and adept at writing RAML for RESTful APIs.
- Extensive experience across Healthcare, Public Sector, IT, and Banking, including managing B2B transaction data for financial services at MRC Global.

Virtusa | Software Development Engineer Intern | JAVA

Jul 14th 2021 — Aug 24th 2021 | Chennai, IN

- Developed a School Parent Communication web application (Reddit-like) using Java 8, Spring Boot, JPA (Hibernate), Spring Security, Angular, HTML5, JavaScript, and Bootstrap.

PROJECTS

DrChrono - Salesforce Integration | MULESOFT, ANYPOINT, PLATFORM,

SALESFORCE CONNECTOR, DRCHRONO API

Jan 2023 — Jul 2023

- Integrated DrChrono EHR with Salesforce: Developed a bidirectional API for seamless patient data synchronization, ensuring data consistency across both platforms.
- API Development: Enabled data exchange between DrChrono and Salesforce, allowing users to add patients to DrChrono directly from Salesforce and HIPAA standards.

Oracle PeopleSoft - Salesforce Integration | MULESOFT, ANYPOINT

PLATFORM, ANYPOINT STUDIO, ORACLE PEOPLESOFT, SALESFORCE

Jan 2022 — Present

- API Design and Development: Designed and developed RESTful APIs following API-led connectivity architecture (System, Process, and Experience layers) to ensure scalable and reusable solutions.
- Event-Driven Integration: Implemented an event-based data synchronization system between Oracle PeopleSoft and Salesforce CRM Dashboard, ensuring real-time data consistency.
- OAuth 2.0 Security: Implemented and documented OAuth 2.0 for secure API communication following MuleSoft best practices.

AWARDS & ACHIEVEMENTS

2024 Consecutive 2 **MVP Award**, NTT DATA Company.

2023 Raving Reviews Client Award, Apisero Inc. NTT DATA

2023 Ace Award from Senior Manager, Apisero Inc

2022 Raving Review Client Award, Apisero Inc.

2021 **Codelite Hackathon Winner** Organized by Virtusa
